PRESENTED BY PULSE MARKETING

Digital Marketing Proposal

For The Daily Cup Café

Executive Summary

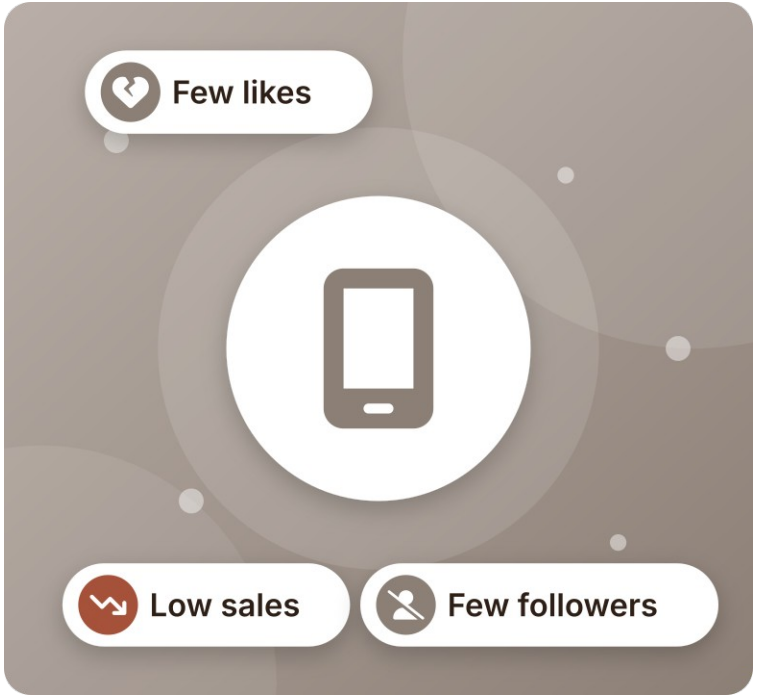

Our goal: help The Daily Cup grow

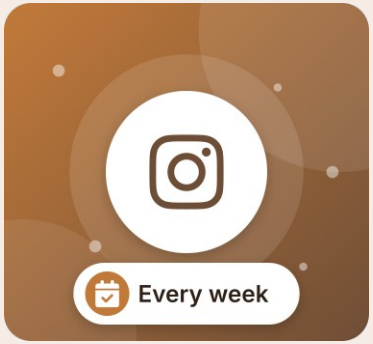

- Increase brand awareness
- Attract more customers
- Increase sales
- Improve social media presence

The Challenges

- Low brand awareness
- Few followers, low engagement
- Strong competition from other cafés
- Hard to attract new customers
- Low sales in some periods

Our Four Main Services

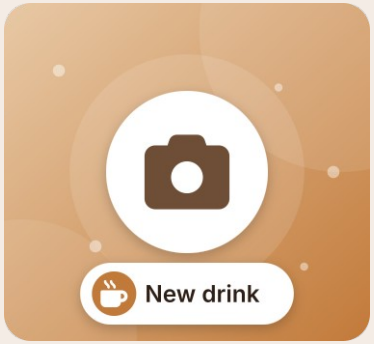

Social Media Management

12 posts, 8 reels and daily stories a month

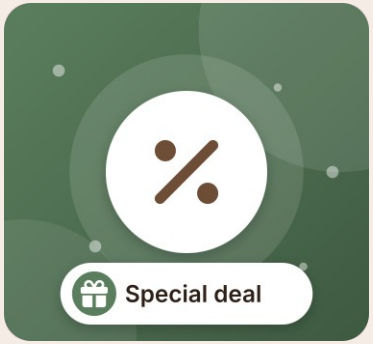

Paid Advertising

Targeted Facebook and Instagram ads near the café

Content Creation

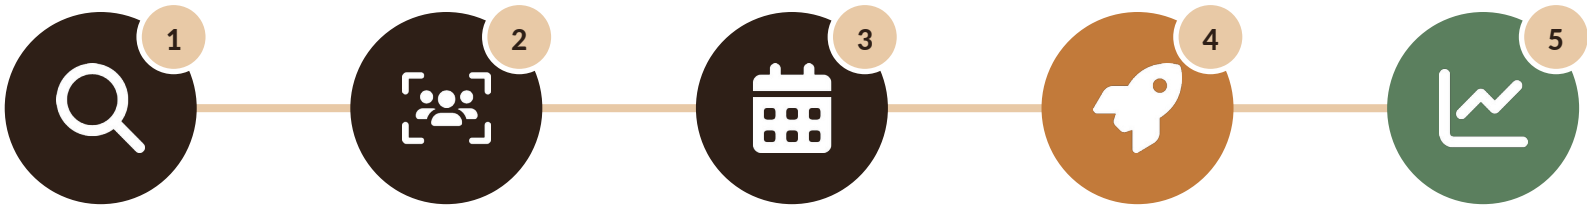

A professional photo and video shoot every month

Promotions

2 special offers a month to bring people in

Five Simple Steps

Research
Market and competitors

Audience
Identify who to target

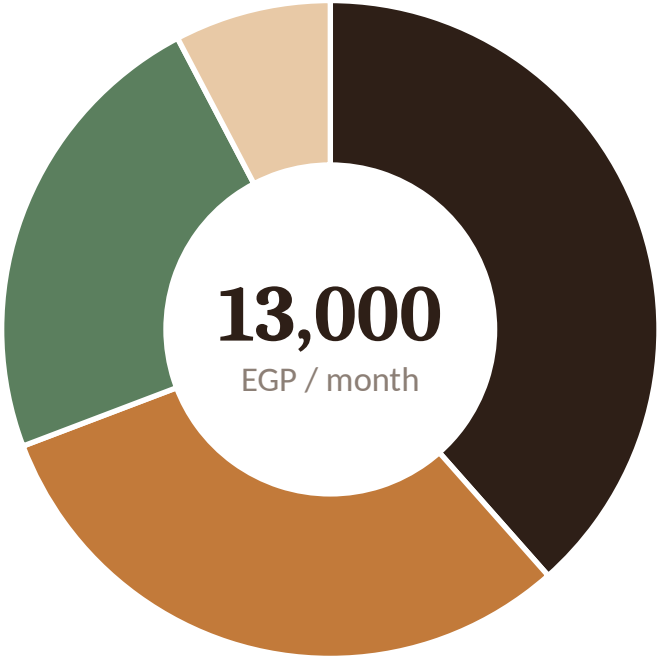

Content Plan
A plan for the month

Launch
Publish content and ads

Measure
Track results and improve

What we learn in step 5 improves next month's plan

Monthly Budget

Social media management	5,000 EGP
Paid advertising	4,000 EGP
Content creation	3,000 EGP
Reporting and optimization	1,000 EGP
Total	**13,000 EGP**

This is a proposed budget for the presentation.

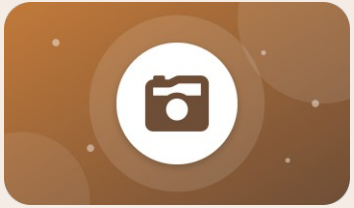

The First Month

WEEK 1

Research and planning

WEEK 2

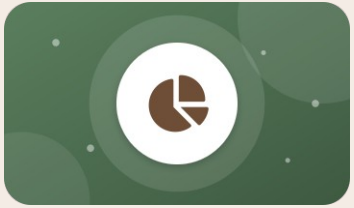

Content creation

WEEK 3

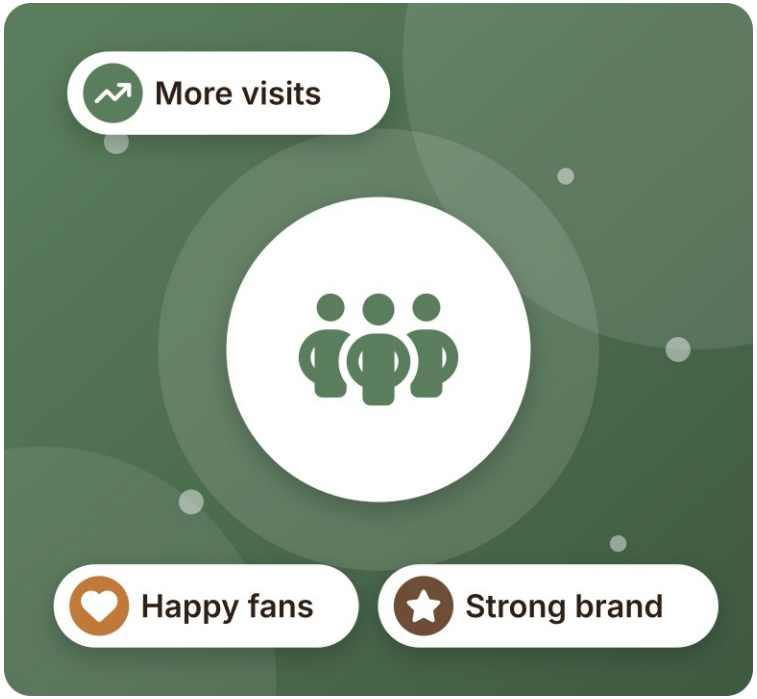

Launch marketing campaigns

WEEK 4

Measure results and improve

How the Café Benefits

- Reach more people
- Attract new customers
- Build a strong brand
- Improve customer engagement
- Better chance of higher sales

Our Month-One Targets

40K+
people nearby see The Daily Cup

+500
new Instagram followers

100+
messages, calls and direction requests

+10
extra customers every day

You see every number, every week

A simple weekly report: reach, followers, messages, visits and sales

Targets are based on a 4,000 EGP monthly ad budget and are confirmed after the week-1 review.

The Plan Pays for Itself

13,000 EGP
monthly investment

÷

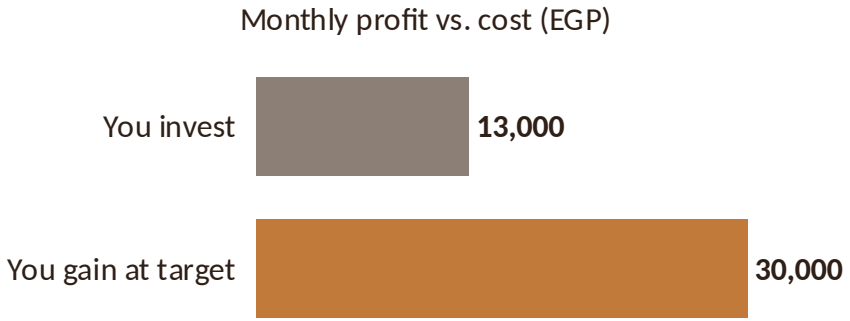

100 EGP
profit per customer*

=

130
customers a month

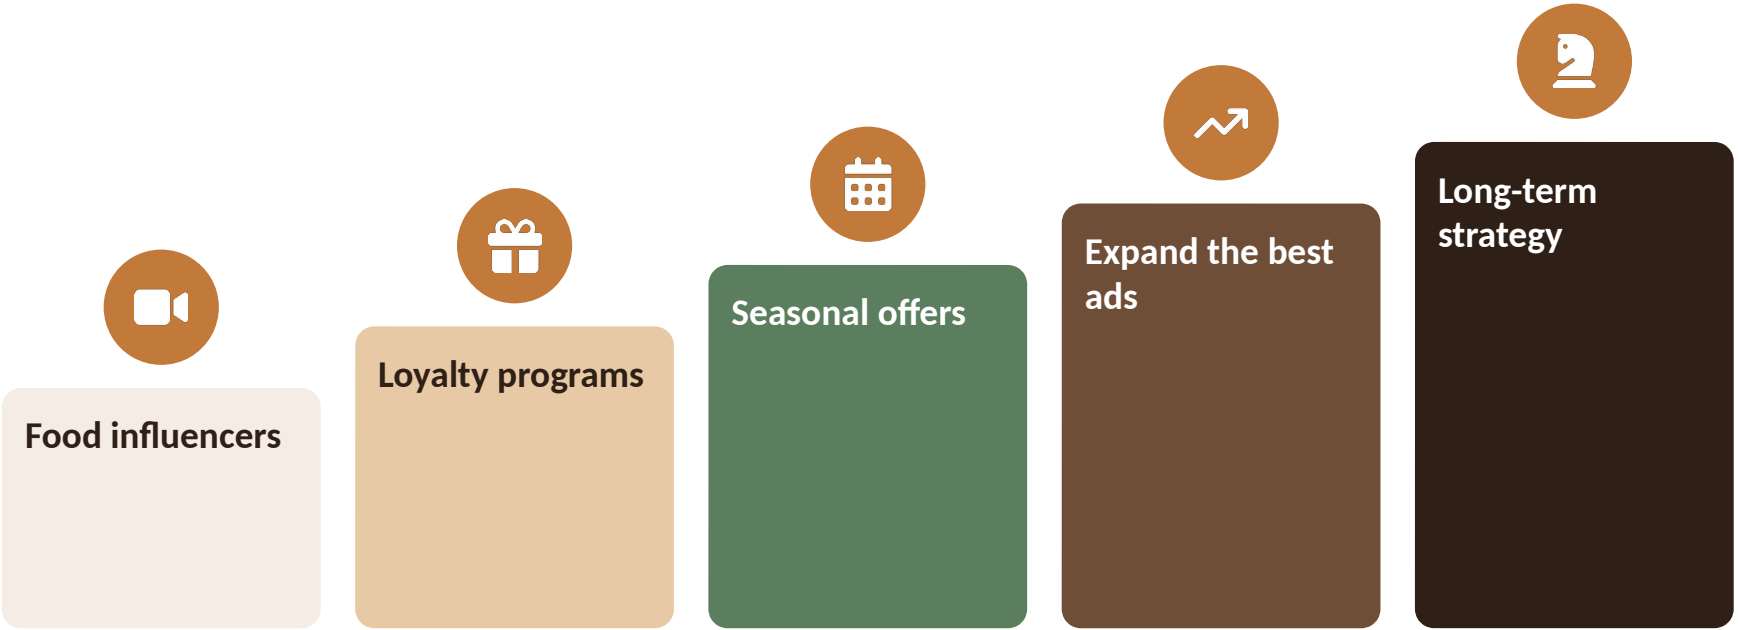

Less than 5

extra customers a day covers the full cost.
Our target is 10.

*Assumes an average bill of 150 EGP and about 65% margin after ingredients. At target: 10 customers × 30 days × 100 EGP = 30,000 EGP.
