Hiring Manager
Safe City Company
Metropolis, USA

Dear Hiring Manager,

My name is Superman, and I am a Global Safety Expert with 85+ years of experience. I saw your job post on LinkedIn for the Safety Team Leader role, and I am writing to apply for this job.

I can offer you strong leadership, fast decisions and a lot of experience in keeping people safe. For example, when a big fire started in Metropolis, my task was to save the people inside the buildings. I worked with the fire team, flew in, and moved everyone to a safe place in minutes. As a result, we saved 300 people, and no one was hurt.

Your job post asks for a leader who can work under pressure, lead a team and make fast decisions. I do this every day as the leader of the Hero Team, where we have a 99% success rate.

I want to work for Safe City Company because you help people feel safe in their homes and streets, and this is my mission too. I also have a degree in Media from Sky University and certificates in First Aid and Team Leadership, because I always want to learn more.

Thank you for your time. I would love the chance to meet you for an interview, and I am ready to start right away.

Sincerely,

Superman
